I.1.

RESOLUTION 26

OF ORDINARY GENERAL MEETING OF EMPERIA HOLDING S.A. in Lublin of 26 June 2008

amended by

RESOLUTION 2 OF EXTRAORDINARY GENERAL MEETING OF EMPERIA HOLDING S.A. in Lublin of 4 March 2010

to Establish Terms and Conditions of the Company’s Two-Year Management Option Plan (2008-2009)

“The General Meeting of EMPERIA HOLDING S.A. in Lublin (“**Company**”), while appreciating the incentivisation offered by an offer to acquire the Company’s shares by members of the Management Board of the Company and key managers of the Company, its subsidiary or associated companies, hereby resolves as follows:

§ 1

1. The Company’s two-year management option plan (2008-2009) is approved (“**Plan**”), under which the eligible individuals will be offered bonds with pre-emptive rights to acquire shares in the Company issued as part of the conditional increase of the Company’s share capital. The terms and conditions of the Plan will be as described in this Resolution.
2. In connection with the Plan, the share capital of the Company will be conditionally increased by up to PLN 270,000 (in words: two hundred and seventy thousand zloty) by issuing up to 270,000 (in words: two hundred and seventy thousand) O series ordinary bearer shares in the Company of the nominal value of PLN 1 (in words: one zloty) each (“**Shares**”).
3. In connection with the Plan, the Company will issue 270,000 (in words: two hundred and seventy thousand) bearer bonds with pre-emptive rights to acquire the Shares (“**Bonds**”).
4. The Plan will be divided into two tranches under which the following maximum numbers of Bonds will be made available to the Eligible Officers/Managers:
 - a. Tranche One – 120,000 Bonds carrying pre-emptive rights to acquire 120,000 Shares,
 - b. Tranche Two – 150,000 Bonds carrying pre-emptive rights to acquire 150,000 Shares.
5. The Plan will cover individuals designated by the Company’s Supervisory Board from amongst members of the Management Board and the key managers of the Company and its subsidiary or associated companies, who are not at the same time members of the Company’s Supervisory Board, recommended to the Supervisory Board by the Company’s Management Board (“**Eligible Officers/Managers**”).

6. The Eligible Officers/Managers will be divided into two groups:
 - a. The first one will include Members of the Company's Management Board and those selected by the Company's Supervisory Board from amongst the candidates recommended to it by the Company's Management Board under 5 above, listed by the Company's Management Board in a proposal submitted to the Company's Supervisory Board as the first group nominees ("**Group One**");
 - b. The other group will include all other Eligible Officers/Managers („**Group Two**").
7. The Eligible Officers/Managers will take part in the Plan providing they conclude Option Plan Participation Agreements with the Company in accordance with the Regulations referred to in § 2 hereof.
8. The designation of the Eligible Officers/Managers by the Company's Supervisory Board will follow the following procedure:
 - a. The Company's Supervisory Board will adopt by resolution the list of the Eligible Officers/Managers to take part in the Plan ("**List of Eligible Officers/Managers**");
 - b. The List of Eligible Officers/Managers will include, at the minimum, full names and residential addresses of the Eligible Officers/Managers, their allocation to the groups referred to in 6 above, and the maximum number of Bonds available to each of the Eligible Officers/Managers as part of the tranches of the Plan, subject to the number of Bonds available in aggregate to all members of the Company's Management Board as part of each tranche not exceeding 50% of all the Bonds made available as part of the relevant tranche to the Eligible Officers/Managers.
 - c. The List of Eligible Officers/Managers can be amended or supplemented from time to time, including by inclusion of new Eligible Officers/Managers in the Plan, in cases, on terms and conditions set forth in the Regulations referred to in § 2 hereof.
9. The option so granted entitles the Eligible Officer/Manager to acquire—on terms and conditions set forth under this Resolution, Option Plan Participation Agreement referred to in 7 above, and the Regulations referred to in § 2 hereof—the Bonds with pre-emptive rights to acquire Shares issued by the Company as part of the conditional increase of the share capital.
10. The granting of an option to an Eligible Officer/Manager as part of the relevant tranche is conditional upon meeting the following conditions:
 - a. In the case of the Group One Eligible Officers/Managers:
 - the Eligible Officer/Manager has remained in an employment relationship or other legal relationship with the Company, its subsidiary company, or associated company, under which the Eligible Officer/Manager provides services to those entities or has served on the Company's Management Board ("**Official Capacity**") continuously since such individual was placed on the List of Eligible Officers/Managers until 31 December 2008 and 2009, respectively, depending on the specific tranche;
 - b. In the case of the Group Two Eligible Officers/Managers:
 - the Eligible Officer/Manager has served in Official Capacity continuously since such individual was placed on the List of Eligible Officers/Managers until 31 December 2008 or 2009, respectively, depending on the specific tranche, and
 - the Company's Management Board confirms, pursuant to 12 below and subject to 11 below, that the Eligible Officer/Manager has achieved his/her individual objectives assigned to him/her in the individual objective sheet for the year 2008 or 2009, respectively, depending on the specific tranche.
11. By 31 July 2008 or 31 March 2009, respectively, depending on the specific tranche, the Company's Management Board may set for each of the Group Two Eligible Officers/Managers the percentage minimum of individual objective attainment assigned to him/her in the individual objective sheet for the year 2008 or 2009, respectively, as the case may be, the granting of the option to such Eligible Officer/Manager being conditional on the achievement of that minimum.

12. The Company's Management Board will check the attainment by the Group Two Eligible Officers/Managers of the individual objectives assigned to them in the individual objective sheet for the relevant year by the end of February of the year immediately following such year, that is in 2009 or 2010, respectively, and will adopt a resolution in which it will specify with respect to each of the Group Two Eligible Officers/Managers, subject to 11 above, the final number of Bonds made available as part of the respective tranche of the Plan. The final number of Bonds referred to in the immediately preceding sentence will be equal to the product of the maximum number of Bonds made available as part of the respective tranche to the relevant Eligible Officer/Manager in accordance with the List of Eligible Officers/Managers and the percentage of attainment of the individual objectives assigned to such Eligible Officer/Manager for the relevant year (if the resulting figure is not an integral number, it will be rounded down to the closest integral number).
13. The Bonds will be acquired by a trustee which will subsequently at the Company's request, on the applicable dates and on terms and conditions set forth in the Resolution and the Regulations referred to in § 2 below, sell the Bonds to the Eligible Officers/Managers who have been granted the options.
14. The options will be granted to the Eligible Officers/Managers meeting the conditions referred to in 10 above, in two tranches referred to in 4 above, on the applicable dates in the years 2009-2010, under option-granting resolutions of the Supervisory Board to be adopted between 1 January and 31 March of the relevant year, however not earlier than the adoption of the resolutions of the Company's Management Board referred to in 12 above. In each following year the said Eligible Officers/Managers will be granted options under which they will be entitled to acquire the following numbers of Bonds:
 - a. In the case of the Group One Eligible Officers/Managers – the maximum number of Bonds made available as part of the respective tranche to such Eligible Officer/Manager in accordance with the List of Eligible Officers/Managers;
 - b. In the case of the Group One Eligible Officers/Managers – the final number of Bonds made available as part of the respective tranche by the relevant Eligible Officer/Manager in accordance with the resolution of the Company's Management Board referred to in 12 above.

The options will be granted to the Eligible Officers/Managers separately as part of each tranche.

15. The options granted as part of the relevant tranche will be exercised upon lapse of three years after the expiry of the option granting deadline for the specific tranche as set forth under 14 above, that is in the following periods:
 - a. from 1 April 2012 to 31 March 2016 – for options granted under Tranche One;
 - b. from 1 April 2013 to 31 March 2017 – for options granted under Tranche Two.
16. By exercising the option, the Eligible Officers/Managers will be able to purchase the Bonds from the Trustee made available as part of the relevant tranche, and then exercise the pre-emptive right attached to the Bonds to acquire Shares.
17. The tranches in the successive years of the Plan are not cumulative, meaning that the options which are not granted as part of the relevant tranche are not transferred and made available as part of the following tranche.
18. The issue price of the Shares offered as part of the Plan will be equivalent to the Warsaw Stock Exchange mean closing rate of the Company's shares over a period of 90 days prior to 26 June 2008.
19. The Eligible Officer/Manager who has been granted an option under the Plan is required to exercise it within a period set forth in 15 above, however each and every time no later than:
 - a. within twenty-five months of the date of commencement of the option exercise period referred to in 15(a) above, if the Official Capacity in which such Eligible Officer/Manager acts at the Company, its subsidiary company, or associated company ceases for any reason in the period after he/she is granted the option and before the option exercise deadline referred to in 15(a) above, and at the same time none of the above companies appoints the Eligible Officer/Manager in any new Official Capacity;
 - b. within twenty-four months of the date the Official Capacity in which such Eligible Officer/Manager acts at the Company, its subsidiary company, or associated company

ceases for any reason, providing that the cessation of such Official Capacity occurs in the period following the commencement of the option exercise period referred to in 15(a) above, and at the same time none of the above companies appoints the Eligible Officer/Manager in any new Official Capacity.

Any options that are not exercised within the period referred to above will expire.

§ 2

The General Meeting of Shareholders hereby authorises and directs the Company's Supervisory Board to agree the Regulations providing detailed terms, conditions and procedures of the Plan and other issues necessary or desired to ensure satisfactory implementation of the Plan, subject to the terms set forth in § 1 hereof.

This Resolution becomes effective on the date of adoption.

9. The current shareholders’ right to acquire the O series shares and the Bonds is excluded.
10. The General Meeting of Shareholders, sharing the view of the Management Board as regards this Resolution, decided to approve the written opinion of the Management Board as the justification required under Section 433 § 2 and § 6 and Section 445 § 1 in conjunction with Section 449 § 1 of the Commercial Companies Code.

Opinion of the Company's Management Board
Justifying Exclusion of Rights to Acquire O Series Shares, Proposed Issue Price of O Series Shares, and Expediency of Conditional Share Capital Increase:

“The purpose of the O series share issue—that is granting rights to acquire those shares to the Bondholders participating in the Management Option Plan adopted under a resolution of the Ordinary General Meeting of Shareholders of EMPERIA HOLDING S.A. on 26 June 2008—provides grounds for the exclusion of the rights vested in the existing shareholders to acquire those shares. An offer to acquire the Bonds will be extended to the Trustee (an investment house or a bank). The Bonds will be subsequently offered by the Trustee to the Bondholders under the terms of the Management Option Plan. The purchase of the Bonds from the Trustee by the participants of the Management Option Plan will be conditional upon their meeting certain conditions set forth in the above resolution. The Company is required to offer the option to acquire shares in the Company to the above individuals to satisfy its obligations arising under the Management Option Plan undertaken on terms set forth in the above resolution.

The participants of the Management Option Plan are officers and managers whose services are essential for the business of the Company, its subsidiary companies or associated companies. The option to acquire the O series shares will provide an incentive to those key individuals, and thus improve the effectiveness of the business of the Company, its subsidiary companies or associated companies. The implementation of the Management Option Plan under which the O series shares will be offered to the above officers and managers will tie those individuals with the Company, its subsidiaries or associated companies over the longer term. As the Company's performance depends on the people it employs, top-rate specialists must be tied with the Company to ensure its effective development.

For the reasons set out above, the exclusion of the rights to acquire the O series shares vested in the existing shareholders and offering those shares to the Bondholders is in the interests of the Company and is not detrimental to the interests of the Company's existing shareholders.

The Bonds will be subsequently offered by the Trustee to the Bondholders under the terms of the Management Option Plan. The purchase of the Bonds from the Trustee by the participants of the Management Option Plan will be conditional upon their meeting certain conditions set forth in the above resolution. The Company is required to offer the option to acquire shares in the Company to the above individuals to satisfy its obligations arising under the Management Option Plan undertaken on terms set forth in the above resolution.

The participants of the Management Option Plan are officers and managers whose services are essential for the business of the Company, its subsidiary companies or associated companies. The option to acquire the O series shares will provide an incentive to those key individuals, and thus improve the effectiveness of the business of the Company, its subsidiary companies or associated companies. The implementation of the Management Option Plan under which the O series shares will be offered to the above officers and managers will tie those individuals with the Company, its subsidiaries or associated companies over the longer term. As the Company's performance depends on the people it employs, top-rate specialists must be tied with the Company to ensure its effective development.

For the reasons set out above, the exclusion of the rights to acquire the O series shares vested in the existing shareholders and offering those shares to the Bondholders is in the interests of the Company and is not detrimental to the interests of the Company's existing shareholders.

The issue price of the O series shares offered under the Management Option Plan will be equivalent to the Warsaw Stock Exchange mean closing rate of the Company's shares over a period of 90 days prior to 26 June 2008, that is the date of the Resolution to Approve Terms and Conditions of the Company's Management Option Plan. It is the opinion of the Management Board that this share pricing formula complies with the terms of the Management Option Plan the purpose of which is to provide long-term incentives to the participants of the Plan and thus ensure continuous appreciation of shareholder value.

As part of the Management Option Plan, the Bonds need to be offered to the Trustee, to be subsequently sold to the participants of the Plan. Consequently, the right to acquire the Bonds needs

to be excluded pursuant to Section 433 § 6 of the Commercial Companies Code. As the sole purpose of the Bonds issue is to give effect to the Management Option Plan, under which the role of the Bonds is only subsidiary, the Bonds issue price was set at a notional level so that the issue thereof does not become a material financial expense.”

11. This Resolution becomes effective on the date of adoption.

 - a. In each of the three years 2010-2012, the Company's Supervisory Board will adopt by resolution the list of the Eligible Officers/Managers to take part in the Incentive Programme ("**Lists of Eligible Officers/Managers**").
 - b. The Lists of Eligible Officers/Managers will include, at the minimum, full names and residential addresses of the Eligible Officers/Managers and the maximum number of Bonds available to each Eligible Officer/Manager as part of the relevant tranche.
 - c. The Lists of Eligible Officers/Managers can be amended or supplemented from time to time, including by inclusion of new Eligible Officers/Managers in the Incentive Programme, in cases, on terms and conditions set forth in the Regulations referred to in § 2 hereof.
8. The option so granted entitles the Eligible Officer/Manager to acquire—on terms and conditions set forth under this Resolution, Incentive Programme Participation Agreement referred to in 6 above, and the Regulations referred to in § 2 hereof—the Bonds with pre-emptive rights to acquire Shares issued by the Company as part of the conditional increase of the share capital.
9. The granting of an option to an Eligible Officer/Manager is conditional upon meeting the requirement of the Eligible Officer/Manager remaining in an employment relationship or other legal relationship with the Company, its subsidiary company, or associated company, under

which the Eligible Officer/Manager provides services to those entities or has served on the Company's Management Board ("**Official Capacity**") continuously since such individual was placed on the List of Eligible Officers/Managers until 31 December 2010, 2011 or 2012, respectively, depending on the specific tranche.

10. The options granted to each Eligible Officer/Manager as part of the relevant tranche are divided into two component parts:
 - 1) the Option Financial Component representing up to 75% of the maximum number of Bonds allocated by the Supervisory Board under the relevant List of Eligible Officers/Managers, the allocation of the final number of options with respect to the Option Financial Component being conditional upon meeting a specific level of the Company's Financial Objective for a given year, as described in 11 hereof;
 - 2) the Option Market Component representing up to 25% of the maximum number of Bonds allocated by the Supervisory Board under the relevant List of Eligible Officers/Managers, the allocation of the final number of options with respect to the Option Market Component being conditional upon meeting a specific level of the Company's Market Objective for a given year, as described in 12 hereof.
11. The following Company's Financial Objectives are hereby established for the purposes of option allocation as part of the relevant Options Financial Part:
 - a) the Company attaining in 2010, as verified by the auditor, consolidated diluted net earnings per share of PLN 5,62 (*in words: five point sixty two zloty*) for the Option Financial Component in 2010 ("**2010 Option Financial Component**");
 - b) the Company attaining in 2011, as verified by the auditor, consolidated diluted net earnings per share of PLN 6,75 (*in words: six point seventy five zloty*) for the Option Financial Component in 2011 ("**2011 Option Financial Component**");
 - c) the Company attaining in 2012, as verified by the auditor, consolidated diluted net earnings per share of PLN 8,1 (*in words: eight point one zloty*) for the Option Financial Component in 2012 ("**2012 Option Financial Component**");

If the actual performance of the Company's Financial Objective is at the level of 100% or more, the Eligible Officer/Manager will be entitled to the final number of options as part of the respective Option Financial Component of 75% of the maximum number of Bonds allocated by the Supervisory Board under the List of Eligible Officers/Managers.

If the actual performance of the Company's Financial Objective is at the level of 80% or less, the Eligible Officer/Manager is not entitled to any options as part of the respective Option Financial Component.

If the actual performance of the Company's Financial Objective is at the level from 80% to 100%, the Eligible Officer/Manager is entitled to the number of options as part of the respective Option Financial Component calculated according to the following formula:

$$\frac{(A / B) \times 100 - 80}{20} \times 75\% C$$

Where:

A – the actual performance of the Company's Financial Objective in the relevant year B – the Company's Financial Objective established for the relevant year

C – the maximum number of Bonds allocated by the Supervisory Board under the List of Eligible Officers/Managers

If the calculation of the number of options does not return not an integral number, it will be rounded down to the closest integral number.

12. The following Company's Market Objectives are hereby established for the purposes of option allocation as part of the relevant Options Market Part:

a) the Company attaining a return on its Shares in 2010 of not less than the change of the WIG Index for the Option Market Component in 2010 ("2010 Option Market Component").

the Bonds, depending on the series, will be redeemed on the date indicated in (a)–(c) above.

13. The Bonds will be issued under a non-public offer to purchase, pursuant to Section 9(3) of the Bonds Act. The offer to purchase all the Bonds will be extended to an investment house or a bank ("**Trustee**") elected by the Company's Management Board.
14. Before the Bonds are offered to the Trustee, the Company will conclude an agreement with the Trustee under the terms of which the Trustee will undertake to acquire the Bonds, transfer them at the Company's request to designated individuals, and to maintain Bonds register referred to in 5 above, and will undertake not to exercise the pre-emptive rights to acquire the P series shares attached to the Bonds.

1. In order to grant to the individuals referred to in §1(15) above, who will purchase the Bonds, ("**Bondholders**") the pre-emptive rights to acquire the Company's shares of a new issue before the Company's shareholders, the Company's share capital is conditionally increased by PLN 450,000 (in words: four hundred and fifty thousand zloty) by issuing 450,000 (in words: four

- hundred and fifty thousand) P series ordinary bearer shares in the Company of the nominal value of PLN 1 (in words: one zloty) each.
2.  5. The P series shares may be acquired by the Bondholders by submitting pursuant to Section 451 of the Commercial Companies Code a statement on the acquisition of shares on dates prescribed under §1(10) hereof.
 6. The P series shares will participate in dividend distribution as follows:
 - a. the P series shares issued or recorded for the first time in the securities account no later than on the record date established under a profit distribution resolution of the General Meeting of the Company participate in profit distribution starting with the profit generated in the previous financial year, i.e. from 1 January of the financial year directly preceding the year in which such shares were issued or recorded for the first time in the securities account;
 - b. the P series shares issued or recorded for the first time in the securities account after the record date established under a profit distribution resolution of the General Meeting of the Company participate in profit distribution starting from the profit generated in the financial year in which such shares were issued or recorded for the first time in the securities account, that is from 1 January of such financial year.
 7. Acting in conjunction with Section 27(2)(3) of the Act on Public Offering, Conditions Governing the Introduction of Financial Instruments to Organised Trading, and Public Companies of 29 July 2005 (Journal of Laws no. 184, item 1539, as subsequently amended) it is hereby resolved that the Company apply for admission of the P series shares to trading in the regulated market of the Warsaw Stock Exchange and for dematerialisation thereof.
 8. The Company's Management Board is at the same time authorised and directed to:
 - a) take all actions and do all acts to cause admission and introduction to trading of the P series shares in the regulated market of the Warsaw Stock Exchange, including without limitation to file the relevant applications and notifications with the Financial Regulatory Authority, file applications and conclude the relevant agreements with the National Securities Depository Company (Krajowy Depozyt Papierów Wartościowych S.A.) and the Warsaw Stock Exchange (Giełda Papierów Wartościowych w Warszawie S.A.).
 - b) conclude with the National Securities Depository Company (Krajowy Depozyt Papierów Wartościowych S.A.) an agreement for registration of the P series shares, as such agreement is referred to in Section 5 of the Act on Trading in Financial Instruments of 29 July 2005 (Journal of Laws no. 183, item 1538, as subsequently amended), in order to dematerialise the same;
 9. The current shareholders' right to acquire the P series shares and the Bonds is excluded.
 10. The General Meeting of Shareholders, sharing the view of the Management Board as regards this Resolution, decided to approve the written opinion of the Management Board as the justification required under Section 433 § 2 and § 6 and Section 445 § 1 in conjunction with Section 449 § 1 of the Commercial Companies Code.

**Opinion of the Company's Management Board
Justifying Exclusion of Rights to Acquire P Series Shares, Proposed Issue Price of P
Series Shares, and Expediency of Conditional Share Capital Increase:**

“The purpose of the P series share issue—that is granting rights to acquire those shares to the Bondholders participating in the Incentive Programme 2010-2012 adopted under a resolution of the Extraordinary General Meeting of EMPERIA HOLDING S.A. on 4 March 2010—provides grounds for the exclusion of the rights vested in the existing shareholders to acquire those shares. An offer to acquire the Bonds will be extended to the Trustee (an investment house or a bank). The Bonds will be subsequently offered by the Trustee to the Bondholders under the terms of the Management Incentive Programme. The purchase of the Bonds from the Trustee by the participants of the Management Incentive Programme will be conditional upon their meeting certain conditions set forth in the above resolution. The Company is required to offer the option to acquire shares in the Company to the above individuals to satisfy its obligations arising under the Management Incentive Programme undertaken on terms set forth in the above resolution.

The participants of the Management Incentive Programme are officers and managers whose services are essential for the business of the Company, its subsidiary companies or associated companies. The option to acquire the P series shares will provide an incentive to those key individuals, and thus improve the effectiveness of the business of the Company, its subsidiary companies or associated companies. The implementation of the Management Incentive Programme 2010-2012 under which the P series shares will be offered to the above officers and managers will tie those individuals with the Company, its subsidiaries or associated companies over the longer term. As the Company’s performance depends on the people it employs, top-rate specialists must be tied with the Company to ensure its effective development.

For the reasons set out above, the exclusion of the rights to acquire the P series shares vested in the existing shareholders and offering those shares to the Bondholders is in the interests of the Company and is not detrimental to the interests of the Company’s existing shareholders.

The issue price of the P series shares offered under the Management Incentive Programme will be equivalent to the Warsaw Stock Exchange mean closing rate of the Company’s shares over a period of 90 days prior to the date of adoption of the Resolution on Terms and Conditions of Management Incentive Programme 2010-2012 less 5%. It is the opinion of the Management Board that this share pricing formula complies with the terms of the Management Incentive Programme the purpose of which is to provide long-term incentives to the participants of the Programme and thus ensure continuous appreciation of shareholder value.

As part of the Management Incentive Programme, the Bonds need to be offered to the Trustee, to be subsequently sold to the participants of the Management Incentive Programme. Consequently, the right to acquire the Bonds needs to be excluded pursuant to Section 433 § 6 of the Commercial Companies Code. As the sole purpose of the Bonds issue is to give effect to the Management Incentive Programme, under which the role of the Bonds is only subsidiary, the Bonds issue price was set at a notional level so that the issue thereof does not become a material financial expense.”

11. This Resolution becomes effective on the date of adoption.

II.3

Amendments to the Company’s Articles of Association

§ 1

Pursuant to Section 430 § 1 of the Commercial Companies Code and Article 22.1(k) of the Company’s Articles of Association, in order to incorporate into the Company’s Articles of Association the conditional increase of the share capital by issuing the P series shares under Resolution 2 of the Extraordinary General Meeting of EMPERIA HOLDING S.A. in Lublin of 4 March 2010 to Issue Bonds with Pre-Emptive Rights and to Conditionally Increase Company’s Share Capital, it is resolved that the Company’s Articles of Association be amended by inserting the following sub-clause 9 in Article 5:

450,000 (in words: four hundred and fifty thousand) P series ordinary bearer shares in the Company of the nominal value of PLN 1 (in words: one zloty) each.”

§ 2

The Company’s Supervisory Board is authorised to adopt the restated text of the Company’s amended Articles of Association.

§ 3
